- a Anti-bullying & non-violence
- a Respect for diversity
- a Pride in oneself
- a Civic responsibility
- a Critical thinking  
*and much more!*

Every tour is completely customized, led by professional educators and designed to meet Academic Standards.

## Dedicated to meeting your needs for cross-content education

The National Liberty Museum's mission is to defuse violence and bigotry by honoring America's heritage of freedom and the wonderfully diverse society it has produced. Students of all ages enjoy the Museum because of our relevant exhibits, intriguing images, stunning art and interesting interactives.

## Glass art teaches that freedom is fragile.

It's everywhere students look in this one-of-a-kind museum – beautiful glass art by world-renowned glass artists. Each piece is interwoven in compelling exhibits on *Conflict Resolution, Heroism, Diversity, Self-esteem* and *Freedom*.

While words and lectures are often forgotten, this extraordinary metaphor makes a lasting impression. When we act as good citizens and respect the rights of others, our freedoms remain safe, steadfast and strong. But failure to do so can shatter our democracy with the same irreparable damage as dropping fragile glass.

Students of all ages understand this concept and gain a new appreciation for the gift of freedom.
