

Joseph Arscott

*Teaches Photography,
Sculpture, and Animation
Bayard Rustin High School
West Chester, PA*

After a family from Bayard Rustin High School suffered a devastating house fire, the community came together to help the family recover from their material loss. Mr. Arscott used his classes and teaching skills to return something more sentimental to the family. He and his class collected over 500 of the family's photographs and worked to restore them, both physically and digitally. One of the albums they were able to restore was the couple's wedding album.
