Hareena is dedicated to promoting respect for all people. One situation that caught her attention was the fact that most LGBTQ+ youth in her area could not attend their prom with the date of their choice. She decided to organize an inclusive prom for her county where LGBTQ+ students would be welcome. Hareena called the event *Dance Louder and Prouder*. She organized a committee to help implement her idea and reached out to 35 schools. To make the ticket price affordable, Hareena decorated the dance on a shoestring budget, got donations from area food stores, acquired the use of a photo booth at no charge, and even helped students make connections with one another. The dance was an astounding success!
