CAROLINE GIMBEL and KATHY RAFTER - Special Education Teachers, Abington Sr. High School, Abington, PA

Ensure that their students’ success continues

- Were heartbroken to learn about the post-secondary “roadblocks” their students encountered after graduation.
- Created the **ACTIVE** Academy to help their students continue to experience success through: **Access to their Community,** **Travel,** **Independent living** and **Vocational Education.**
- Teach many essential employment skills, from proper behavior to specific tasks.
- Secure multiple jobsites where students are provided with job coaches and opportunities to practice what they learn in an actual work environment.
